

MUST NOT SNEER AT LOVE OF MAN

Dr. Lee Discusses Woman and Her Great Influence for Good To-Day.

Dr. Guy Carleton Lee, at the Mechanics Institute last night, delivered the concluding lecture of a series of three, given under the auspices of the Commonwealth Chapter, Daughters of the American Revolution. His subject, "Victorious Womanhood," was the basis of an intensely interesting talk. The lecturer opened his discussion with a cleverly suggestive statement of what his theme would be, and said: "The subject of woman is as many-sided as a diamond, and if we adequately to consider any one phase of it we must choose between the sides. This selection is by no means easy; but since it must be made, we will choose woman's influence in the world's advance, and show not only why she was the predominating influence of yesterday, but why she is to-day, and always will be."

Dr. Lee first considered woman in the prehistoric age, and said: "We may summarize the position of woman in her first stage of progress by saying that she—save in isolated cases—was, throughout, a subordinate, a chattel, a toy, an animal, owned, body and soul, by men, and the first step in woman's upward progress came only when love asserted its independence."

Dr. Lee pointed out the tremendous results of woman's work in reform, but asked the question, "What was her highest mission that of the rostrum or of the hearth?" Admitting, then, the adaptability and power of woman in business life and in the work of reform, we still assert that for the great mass of women, the field of action lies in the home, not upon the platform.

"The mission of the average woman is to be a home-maker, as certainly as it is the mission of the average man to be a breadwinner. Granting to women the privilege of earning their own living has resulted in more homes and happier ones."

Our Homes in Danger. Continuing, Dr. Lee said: "To-day it behooves every good woman and every good man to be on guard, for the American home is in danger. But I say to you—and I know that I speak for every clean and virtuous man, for every thinking man and woman, for every true student of history—I say, beware of those who deprecate marriage; for, even though they may not realize it, they are endangering the virtue of our women, the morality of the state, the integrity of the nation."

Beware of those who sneer at the greatest human power, the woman. Shut those who would teach women a false idea of wifehood and motherhood, for these false prophets, while pretending to strike shadows, are dealing her the blows of a poisoned weapon, whose victims, eating its way like a loathsome cancer, into the life of the nation, shall in the end destroy the very foundation of the mighty structure of civilization."

Man to-day knows that the underground for good that has ever flowed calm and strong beneath all the fret and evil of the tempest-tossed sea of human life is the eternal spirit of woman's righteousness, the spirit of the woman of the home. Knowing this we may well say that through woman we shall come to realize the secret of abiding happiness, the key to the future of our race, for the heart-words of life are love and home and children."

BOY IS KILLED.
[Special to The Times-Dispatch.]
AMHERST, Va., May 5.—Royal Campbell, the sixteen-year-old son of Landon Campbell, who lives on Indian Creek, in this county, accidentally shot himself yesterday about noon. It is not known how the accident happened. In going to work on the farm he took his gun and went through a piece of woods to shoot at some crows.

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S.S.S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S.S.S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.

THE WONDERFUL Hot Weather Suits

For wear by PROFESSIONAL and BUSINESS MEN

are made from

Priestley's

"Cravenetted" English Mohairs

COOL, COMFORTABLE, DRESSY
"Rain will neither spot nor wrinkle them."
They will not cockle.

Require very little pressing.

Our line contains beautiful styles and colorings which are identical with those being shown by the merchants of the West End of London.

Each suit is stamped on the inside with these words:

"Priestley's Cravenetted English Mohair"

Gans-Rady Co.

Suits made by
HAMBURGER BROS. & CO.
BALTIMORE, MD.

"Who Know How"

His father and brothers heard the gun go off, and as he did not come on to the field in a short while they went to look for him. They found him dead, with the entire top of his head shot off.

His remains were buried to-day in the family burying ground at Mr. Curtis Campbell's, near his home.

News of Manchester

Manchester Bureau, Times-Dispatch, 1102 Hull Street.

Though according to his own statement he desires to keep out of politics in any form this year, it looks at present as if Willis C. Pulliam will finally enter the race for Commonwealth's attorney in the coming election. Mr. Pulliam has been urged by a large number of his friends to make the race, and though he has not decided yet, he will not state whether he will announce himself, there seems to be every probability that he will be a candidate before the election comes off. The situation in the city at present is rather peculiar. Charles L. Page, the present Commonwealth's attorney, has been the term of his office made a most faithful officer, and is very popular in the city. However, he is at the same time the City Attorney, and this fact alone may have a great deal to do with putting another candidate in the field.

Mr. Pulliam is well known in this city, where he has practiced law for a number of years, and is popular. He has represented this district in the Legislature for two sessions, and though he is not a candidate for re-election this term his services have been recognized and commended.

Mr. Page, the Commonwealth's attorney, is a lawyer of ability, and has a State-wide reputation. While he has never held public office with the exception of his present position, and that of City Attorney, he is well known and has many friends.

To Make a Hard Fight. When the committee meets to-night it is expected that Chairman Pulliam will put the present condition of the Democratic party in this city before the members, and that they will get out and make a decided fight in the election which will come next fall following the primary.

For some time the Democrats of the city have been idle and little interest has been shown in the coming election. However, since Mr. Pulliam has taken the leadership, he has installed new life into the committee as a whole and has awakened interest in the members. Under his leadership it is expected that the committee will be more active in the election and will be more widely distributed.

Pat Flanagan and his brother, Thomas, appeared in the Police Court yesterday morning on the charge of being vagrants. The two men put up a hard-luck story and were dismissed.

Gun Accidentally Discharged While He Was Hunting.

YOUNG TURKS NOT REAL GREAT FOLK

Armenians Here Will Show What They Are Like at Big Mass. Meeting.

For the purpose of setting forth the grievance of their brethren against the Young Turks, sixty Armenians, located here, announced yesterday that they will hold a mass-meeting within the next two weeks, at which several noted speakers will be heard. The local committee will call on Governor Swanson and Mayor Richardson and invite them to attend the meeting.

Speaking last night of the riot, revolt and other troubles in Armenia, an Armenian, now a naturalized citizen, said that the Young Turks, who control the progressive party, have determined to exterminate the Armenian representatives in Parliament.

"These leaders have tried to make it appear," he said, "that Abdul Hamid was responsible for all the bloodshed and crime, but according to our advice the Progressives are just as bad, and are doing the very things for which they condemned the former Sultan."

"Within the past few days they sent an army to Armenia, put down the revolt, but the army committed crimes equally as bad and pillaged to an even greater extent than the revolutionists. The Progressives are much like those so-called reformers in this country, who get possession of a city government by crying that the administration is controlled by greed and graft, too. The one difference so far as the Progressives are concerned is that they commit more serious crimes than we."

"We had to depend upon advice from home and messages from European points to give us an exact idea of the condition of the Armenian people of this country have been misled by the high-sounding utterances of the Young Turks."

They claimed to have walked all the way from Palm Beach.

Four colored men—William Edwards, Martin Edwards, George Brown and Claude Baldwin—were each given a sentence of six months on the roads on the charge of trespassing on the property of the Southern Railway.

Harry Jones, charged with being drunk and disorderly, was fined \$2.50 and costs.

Observe Memorial Day.

Saturday, May 22, has been set apart as Memorial Day in this city, and it will be generally observed as a holiday. The city offices will be closed and the secret orders will observe the graves of their deceased members. At Maury Cemetery exercises appropriate to the occasion will be held and addresses will be made by several prominent men. The women of the city will make arrangements for floral wreaths to decorate the graves in the cemetery.

Cars Collide.
A heavily-loaded car called with the 5 o'clock incoming car on the tracks at the intersection of the urban line at Bellwood Station yesterday afternoon, and though the contact was sharp, little damage was done. The cars were crowded with passengers, and other approaching cars when some distance apart and applied brakes. Though emergency methods were used, the cars came into contact, and the collision had little force and no one was hurt. The passengers were calmly told to observe the car from Petersburg arrived in Manchester on time. The work car, which was only damaged slightly, was back on its way, and a nearby passenger train allowed to pass.

Personals and Briefs.
Rev. Gerald Culbertson, who is preaching at Cowardin Avenue Christian Church, was in the city for a religious gathering last night. He will continue his series of sermons throughout the week.
Though the consolidation ordinance was delayed on Tuesday night by Mr. Patnam's motion, the general opinion is that it will be passed by the city council at the special meeting Monday night.
Melville Franklin, a member of the Fredericksburg Police baseball team, who formerly lived in this city, paid a visit to his old friends here yesterday, following the game at Broad Street Park.
Bryon G. Spider, a former resident of the city, was a visitor to Manchester yesterday. He is now in the city of the city, was in the city yesterday for a few hours.
Manchester and Chesterfield Business Men's Association will hold its regular monthly meeting Friday night. Business of great importance will come before the organization for consideration.
Owing to the indisposition of Judge Clepton, the suit of Mrs. Lulu Gibbs against the Virginia Electric and Power Company, which was scheduled to be called in the Corporation Court yesterday, was postponed.
The street cleaning committee will meet to-night in the Council chamber.
James A. Rockway, of the county, was a visitor to the city yesterday.
The regular meeting of the Cemetery Committee will be held to-night at 7:30 o'clock in the Council Chamber.
William Kay, colored, was arrested last night, charged with being disorderly on a Hull Street car.

AWARDED \$2,000.
J. F. Bedsole Allowed Damages for His Mental Anguish.
[Special to The Times-Dispatch.]
FAYETTEVILLE, N. C., May 5.—J. F. Bedsole, in his suit against the Atlantic Coast Line for mental anguish, caused by being compelled to kill an excursionist named Alexander, on an Atlantic Coast Line train, was given \$2,000 by the jury. The judge started on the Southern's new route through the city at the Amherst end, and the grade will be completed to Harris's Creek as soon as possible. In order that bridge material can be transported easily from the Amherst end, the work will be hurried in order that the bridge over the James River may be hauled to the site on cars instead of by teams. Work is also under way in South Lynchburg and more men are being put to work each day.

Work Is Begun.
[Special to The Times-Dispatch.]
LYNCHBURG, Va., May 5.—Work is being started on the Southern's new route through the city at the Amherst end, and the grade will be completed to Harris's Creek as soon as possible. In order that bridge material can be transported easily from the Amherst end, the work will be hurried in order that the bridge over the James River may be hauled to the site on cars instead of by teams. Work is also under way in South Lynchburg and more men are being put to work each day.

Tablet Is Unveiled.
[Special to The Times-Dispatch.]
WILLIAMSON, N. C., May 5.—The North Carolina Society, Colonial Dames of America, to-day unveiled a handsome tablet on the ruins of the mansion of Governor William Tryon. The tablet is commemorative of the first arrival of the British in the town by Cape Fear patriots, under Colonel James Moore, of Orton, and Cornwallis, in 1776. The tablet is a handsome one, and is being unveiled by the Cape Fear patriots, under Colonel James Moore, of Orton, and Cornwallis, in 1776. The tablet is a handsome one, and is being unveiled by the Cape Fear patriots, under Colonel James Moore, of Orton, and Cornwallis, in 1776.

REALLY DEVELOPS THE BUST, ARMS AND NECK

An increase of six inches is not unusual after a month's treatment.
Go to any drugstore and get a bottle of two ounces of glycerine, three ounces of rosewater, one ounce tincture cadomene compound (not cadomene), and five cents' worth of borax. Apply the glycerine and tincture cadomene, shake and let stand two hours. Then add rosewater, and a teaspoonful of borax. Apply morning and night, rubbing until absorbed; then wash with hot water and soap; dry thoroughly. Continue a few weeks and beautiful development rewards the effort.

GHOSTS BOB UP IN DEBT HEARING

(Continued from Page One—Column 4.)

"this debt," said the lawyer, "and I want to know about this particular bond or certificate."

"I was not able to find the certificate," replied the witness, "but the books show that it was funded, and I satisfied myself that it was a part of the debt."

When there was a slight lull, Major Conrad seemed to understand that Mr. Carlisle had finished with the witness.

"No, we are not through yet," interposed the lawyer for West Virginia.

"We have just been skirmishing, and are now only beginning to fight."

Brought Original Bonds.
Mr. Carlisle sent for an original bond from the Treasurer's office, but which there was a dispute, and Mayor Conrad in agreeing that it should be put in evidence, said: "Certainly we agree. We want every possible ray of light thrown upon the matter under consideration. The question at issue was whether this bond was or was not an obligation on the part of the State, and whether it should have been included as an item in the Virginia schedules. Proceeded Mr. Conrad in agreeing that it should be put in evidence, said: 'Certainly we agree. We want every possible ray of light thrown upon the matter under consideration. The question at issue was whether this bond was or was not an obligation on the part of the State, and whether it should have been included as an item in the Virginia schedules. Proceeded Mr. Conrad in agreeing that it should be put in evidence, said: 'Certainly we agree. We want every possible ray of light thrown upon the matter under consideration.
